Make it last

- Store pieces in a zip bag
- Toss the cards into a rice or bean bin

A grown-up note

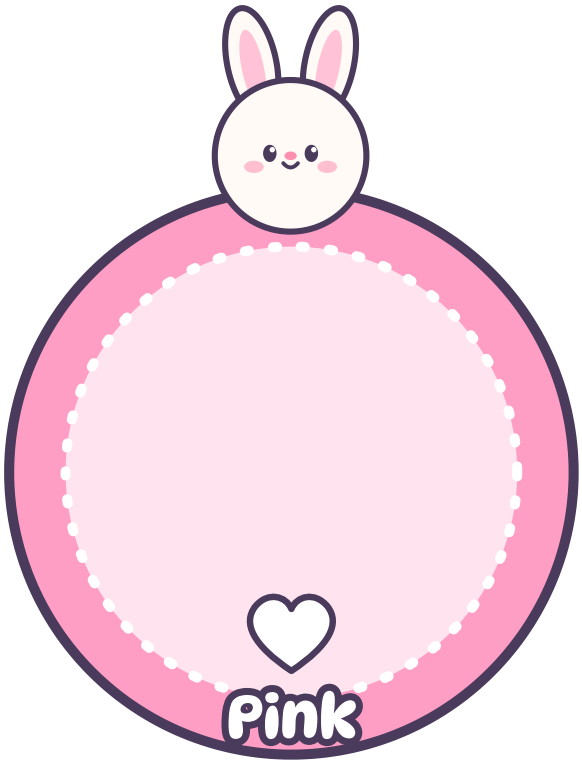

Pom-poms, beads, dough balls and small cut-outs are choking hazards. Please play alongside little ones, especially under age 3. There's no wrong way to play: let them squish, mix colors and tell you stories about the friends.

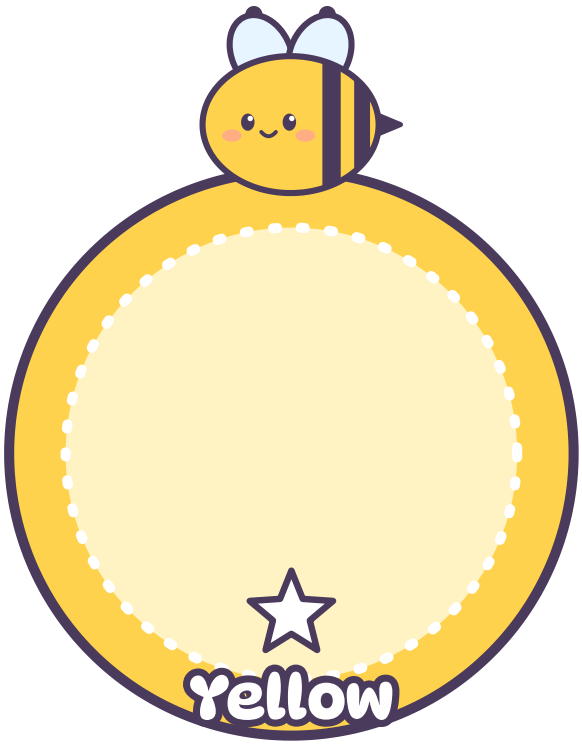

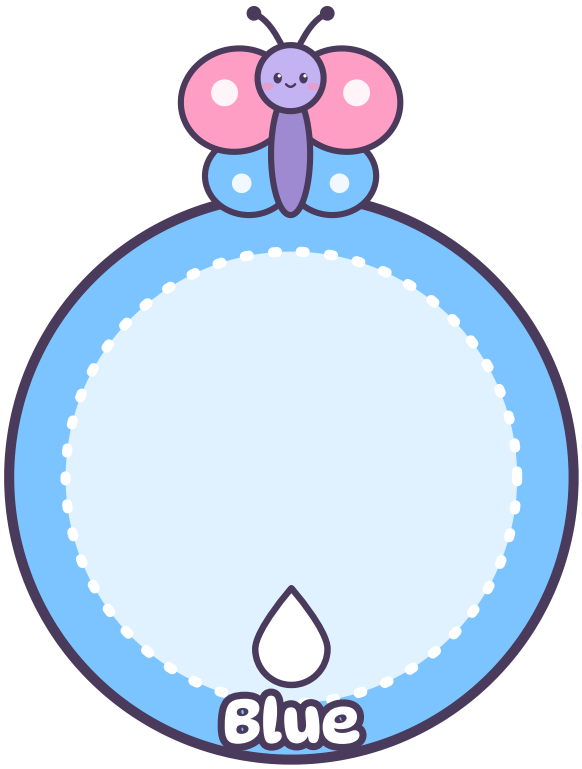

COLOR SORT

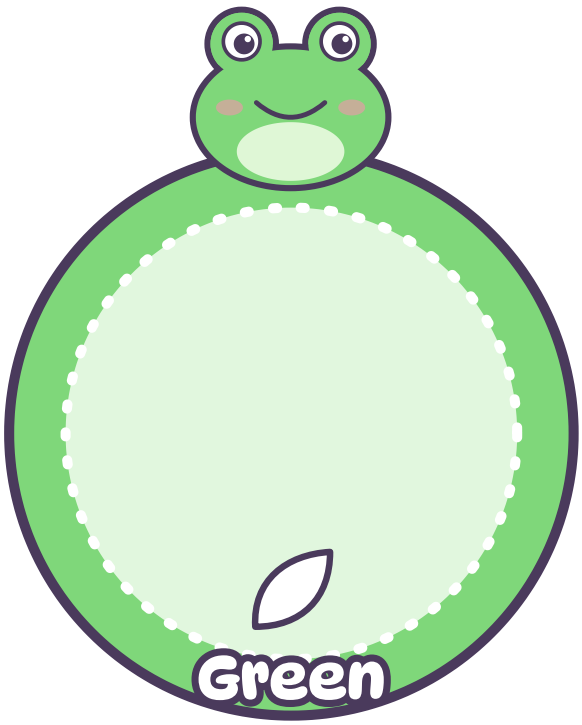

Feed the Friends!

Each friend only eats one color. Fill their bowls with matching pom-poms, buttons or the tokens on the next page.

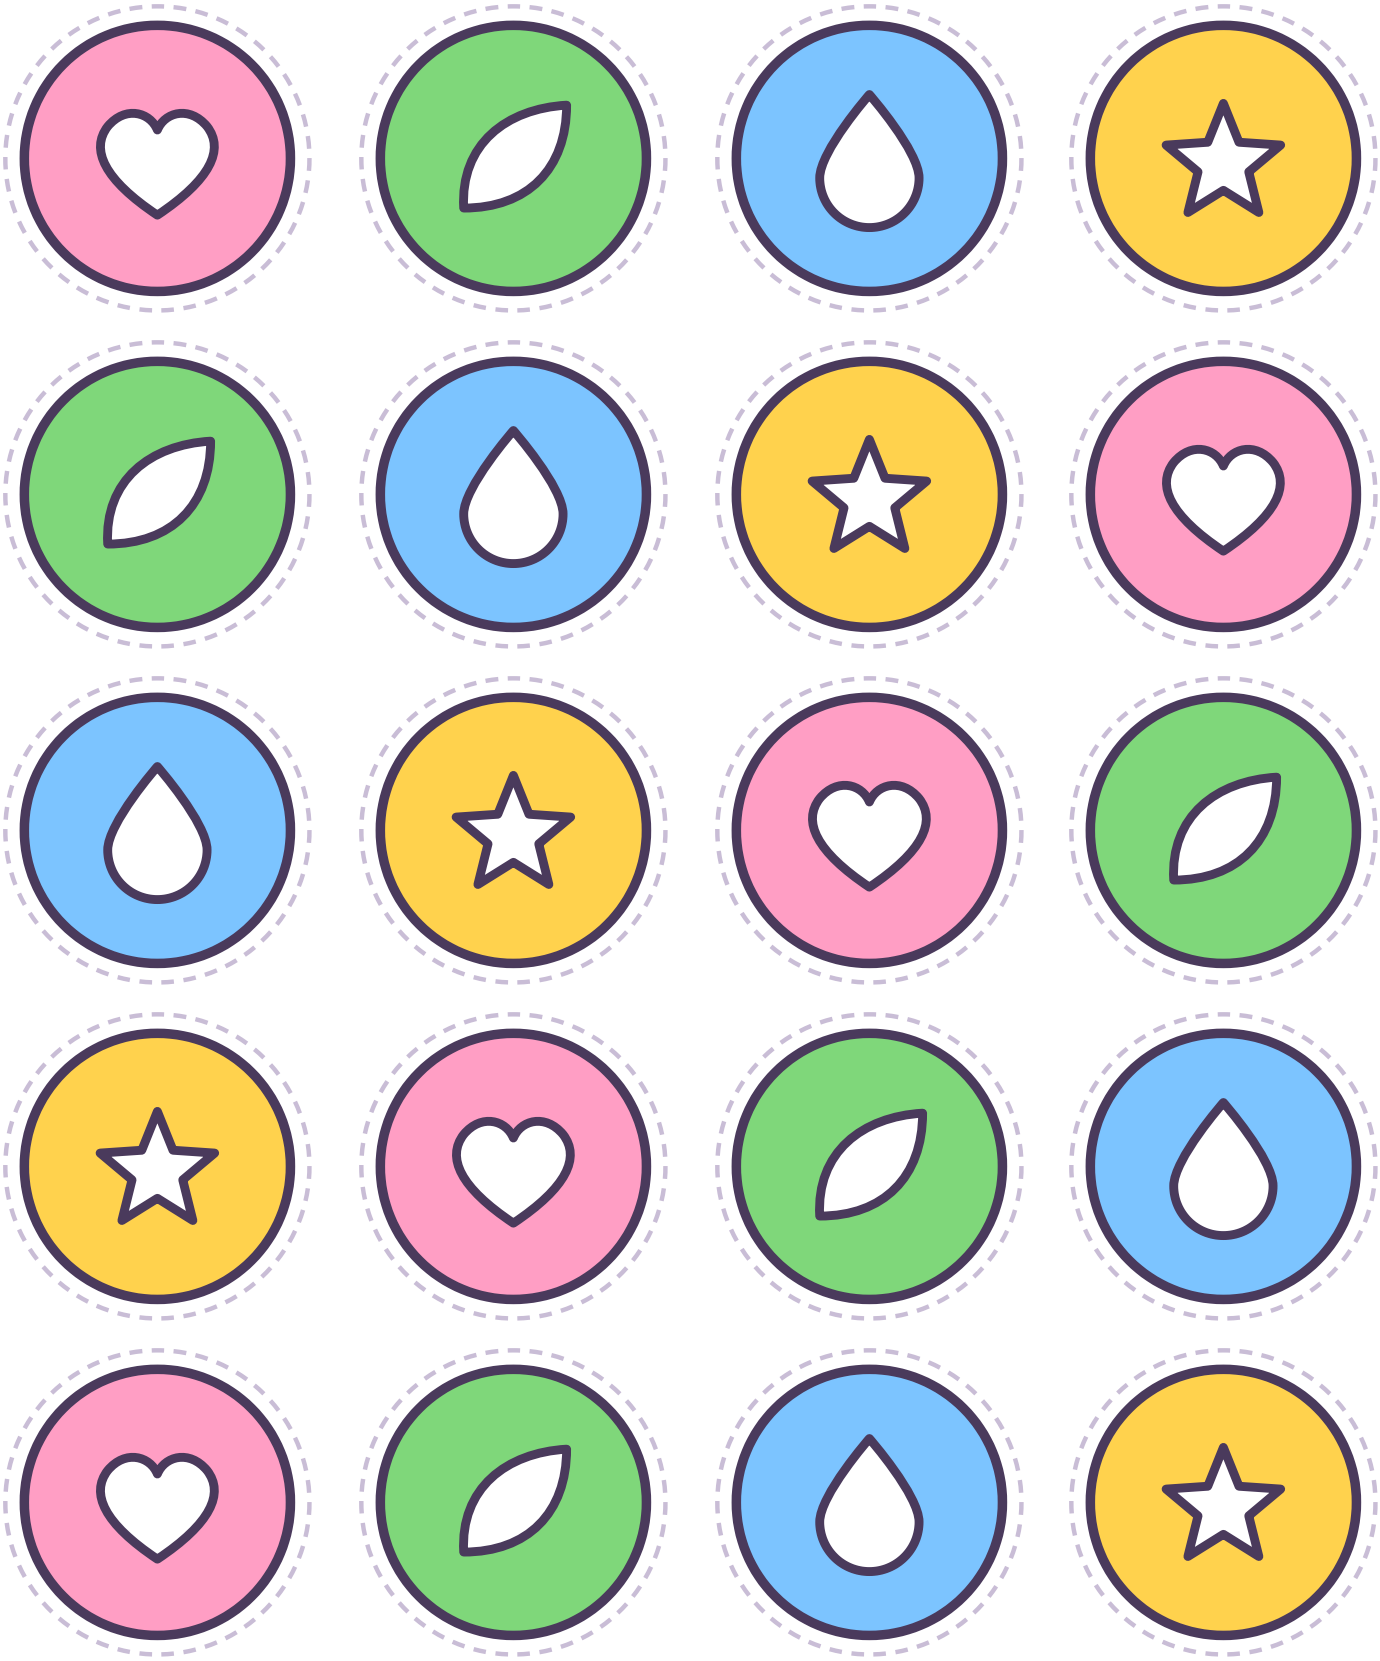

CUT-OUTS

Sorting Tokens

Cut out the circles. Sort them by color, by shape, or count how many go in each bowl.

PLAY DOUGH MAT

Ladybug Needs Spots!

Roll 7 little dough balls and squish one onto each spot. Count them as you go!

Try this: roll spots in different sizes, or use buttons and pom-poms instead of dough.

PLAY DOUGH MAT

Hedgehog's Spikes

Hedgie lost his prickles! Roll dough snakes for spikes, or poke in straws, pipe cleaners or dry spaghetti.

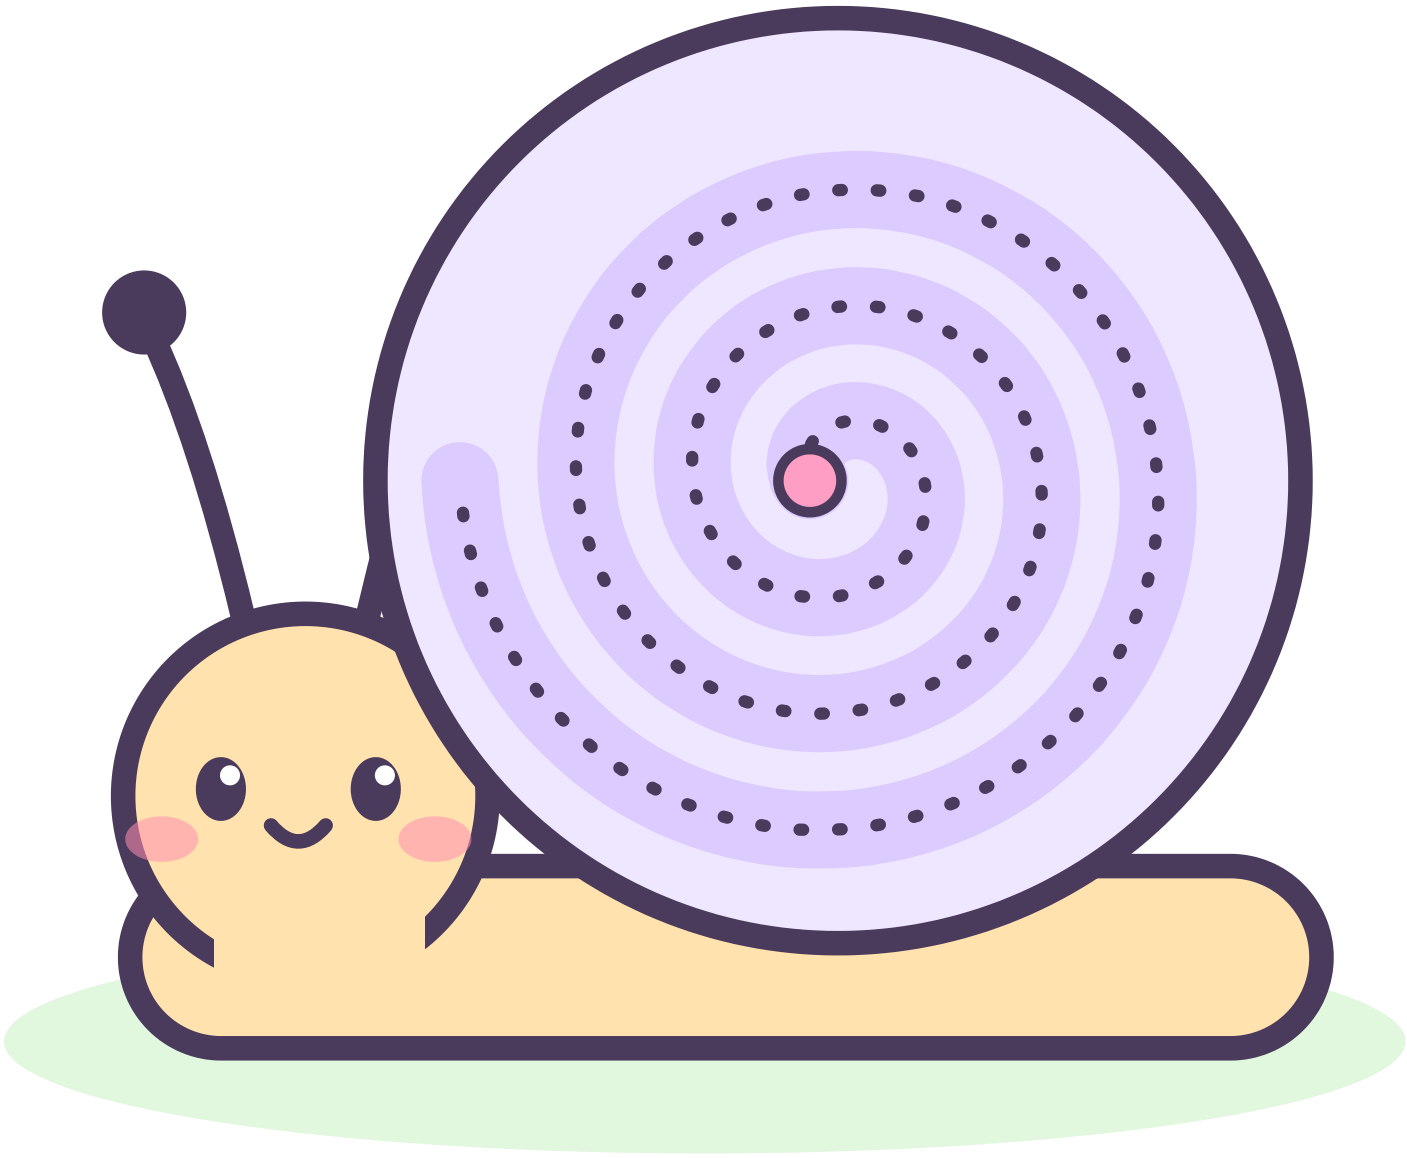

Try this: lay a ball of dough on his back first, then poke the spikes into it. Great for little finger muscles!

PLAY DOUGH MAT

Snail's Swirly Shell

Roll one looong dough snake. Start at the pink dot and curl it round and round along the swirl.

Try this: trace the swirl with a finger first, then try it with a pipe cleaner or a piece of yarn.

SHADOW MATCH

Who's Hiding?

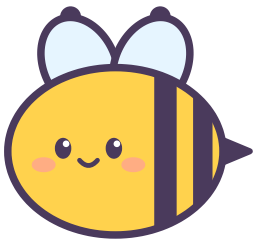

Cut out the friend cards on the next page. Place each friend on top of their matching shadow.
